

**REPRESENTATIVE DRIEHAUS WELCOMES \$150,000 FOR THE CINCINNATI MUSEUM CENTER AT UNION TERMINAL**

**WASHINGTON, DC**—Representative Steve Driehaus today welcomed an announcement from the Museum and Community Collaboration Abroad (MCCA) of a \$150,000 grant for the Cincinnati Museum Center at Union Terminal. The grant will support cultural exchange programs between the Cincinnati Museum Center and the National Museums of Kenya Lamu Museums.

“This announcement is great news for the Cincinnati Museum Center. The Museum Center is one of our community’s greatest assets, and an important part of our local heritage and history. This award will allow the Museum Center to share that heritage across cultures, while bringing a broader understanding of other cultures into our community,” said Rep. Driehaus.

The MCCA is administered by the American Association of Museums (AAM) and funding is provided by the Bureau of Educational and Cultural Affairs of the United States Department of State. The funding will continue through 2011.
